

Central AC Rebate

Our new 2009 Central AC Rebate program is designed to generate maximum energy savings for our customers by focusing on proper installation practices. Qualifying customers who purchase and install a new, eligible central air conditioner from one of our registered contractors can receive up to \$500 cash back!

Fall Promotion!

Customers who purchase and install a 13 SEER AC or Air Source Heat Pump Sept. 1 through Oct. 15 can receive \$50! All standard eligibility requirements apply, and documentation must be submitted to Xcel Energy and postmarked no later than Nov. 15, 2009. Ask your cooling contractor for details.

Eligibility

The installation property must be located in Colorado and receive residential electricity service from Xcel Energy to qualify for the rebate. **Rebates are given only to customers whose central air conditioner was installed by a contractor who is a registered participant in Xcel Energy's cooling program.** Please read the [full program details](#). Eligible equipment must be installed between May 15, 2009 and December 31, 2009 and applications must be turned in by July 31, 2010. Please note that ductless mini-split systems (AC and heat pumps) do not qualify for Xcel Energy rebate programs.

Rebate Amounts		
SEER Rating	EER Rating	Customer Rebate Amount
13	--	\$50 - 9/1/09-10/15/09 Only!
14.5	12	\$250
15	12.5	\$350
16	13	\$500

This program does not rebate window air conditioning units.

Heating Rebates

For natural gas furnaces and boilers

With Xcel Energy heating rebates, put money in your pocket. And, keep it there!

Xcel Energy is now offering natural gas customers in Colorado cash back with the purchase and installation of new energy-efficient natural gas furnaces or boilers. You'll notice a sizeable savings on your energy bills throughout the lifetime of your equipment.

Eligible residential and small business customers must purchase natural gas directly from Xcel Energy and live Colorado. Your purchased and installed equipment must meet GAMA certification.

The 2009 program is effective January 1, 2009, to December 31, 2009, for equipment purchased and installed within this 12 month period. Application forms are due July 31, 2010. Rebate levels are subject to change without notice at any time. Certain restrictions may apply.

Rebates available		
Appliance	Efficiency	Rebate
Natural Gas Furnace	92% AFUE	\$80
Natural Gas Furnace	94% AFUE	\$120
Natural Gas Boiler	84% AFUE	\$120

Water Heater Rebates

Our natural gas water heater rebates put money back in your pocket and help you keep it there! Xcel Energy offers four tiers of water heater rebates.

Rebates are available to Xcel Energy natural gas residential customers in Colorado buying qualifying, high-efficiency, new natural gas water heaters. Reconditioned equipment is not eligible.

Appliance	Energy Efficiency	Standard Rebate
Natural Gas Standard Tank Water Heater	.62 EF	\$40
	.65 EF	\$60
	.67 EF	\$80
Natural Gas Tankless Water Heater	.82 EF	\$100

Air Source Heat Pump Rebate

Our 2009 Air Source Heat Pump Rebate program is designed to generate maximum electric energy savings for our customers by focusing on proper installation practices. Qualifying customers who purchase and install a new, eligible air source heat pump from one of our registered contractors may receive up to \$500 cash back!

Fall Promotion!

Customers who purchase and install a 13 SEER AC or Air Source Heat Pump Sept. 1 through Oct. 15 can receive \$50! All standard eligibility requirements apply, and documentation must be submitted to Xcel Energy and postmarked no later than Nov. 15,

2009. Ask your cooling contractor for details.

Eligibility

The installation property must be located in Colorado and receive residential electricity service from Xcel Energy to qualify for the rebate. **Rebates are given only to customers whose air source heat pump was installed by a contractor who is a registered participant in Xcel Energy's cooling program.** [Find a registered contractor.](#)

Eligible equipment must be installed between May 15, 2009 and December 31, 2009 and applications must be postmarked no later than July 31, 2010. Please note that window units, ductless mini-split systems (AC and heat pumps) and rooftop units do not qualify for Xcel Energy rebate programs.
